

Covid guidelines that are currently in place as of 3/26/21* for Vacation/Summer Camps

- Children and Parents must Self Screen at home daily using attached questionnaire – waivers are signed upon entry to camp each day that you have self- screened that your child is healthy to attend camp.
- Parents and Guardians are not allowed in any of the camp areas where children are present.
- Masks are worn at all times – unless eating or swimming. Children provide their own masks. Masks breaks are allowed throughout the day with social distancing. (we suggest bringing 2 masks daily)
- Children must be registered for full week and stay in same cohort for the week.
- Children are placed in Individual cohorts – capacity of 25 per cohort which will be divided into sub cohorts of 10 – 13.
- Two cohorts maximum at vacation camps (50 children) and Three cohorts maximum capacity (75 children) at outside summer camp.
- For Vacation Camp, our Basketball court is our main zone with 5500 square feet. Children are spaced out in cohorts in this area. We use other areas of the club as well. Cohorts rotate in these areas throughout the day (Kids Club, Racquetball, Fitness, Pool, etc.) We also go outside every day for play, snow play (in winter) and fresh air.
- Masks must remain on for outside play.
- For Summer Camps – main zone is outside with 59,000 square feet and multiple areas for cohorts.
- Individual cohorts do all activities together – we plan activities and games with low contact and encourage social distancing.
- Multiple Cohorts can play together or be in same areas if they stay socially distance between cohorts. (ex. A relay race between cohorts. Playing tennis on separate courts, playing games like Bingo spread out, etc)
- Hands are sanitized upon entry into camp and hand sanitizing, or hand washing is done frequently throughout the day.
- Equipment is sanitized in between use of cohorts.
- Meals/Snacks – Hand Washing/Sanitizing is done before and after any type of eating. Masks are removed for eating and children must individually socially distance while eating. Masks are immediately placed back on once finished.
- Swimming – free swim/lessons can be done with more than one cohort in pool at a time. Pool area is roped off for each cohort. No members or others are allowed in *indoor pool* due to capacity limits. At much larger outdoor pool in summer, areas are roped off for campers, but other members may be in separate sections of the pool. Masks are removed from campers and staff prior to entering pool and low contact and social distancing is encouraged. Masks are placed back on upon exiting the pool.

**subject to change per state or local mandates*

Orchard Hills Camp COVID-19 Self-Screening Questionnaire

Before you come camp each day, you must self-screen yourself and your child at home including a temperature check, and answering the following questions:

Have you or any household members had any of the following symptoms in the past 24 hours?

- Fever (100°F or above)
 - Cough
 - Sore Throat
 - Difficulty breathing
 - Gastrointestinal symptoms (diarrhea, nausea, vomiting)
 - Fatigue
 - Headache
 - New loss of smell/taste
 - New muscle aches
 - Any other signs of illness
- In the past 14 days, have you had close contact with a person known to be infected with the novel coronavirus (COVID-19)?
- If you answer yes to any of these questions, your child will not be allowed to attend camp.
- If you or family member is diagnosed with COVID, please notify Camp Director right away. You will not be allowed to return to Orchard Hills until you complete a 14-day quarantine and receive a negative test results.
